Source: Ontario Ministry of Advanced Education and Skills Development (MAESD)

Notes:

1. The tables include international students who are eligible and ineligible for provincial government funding. Ineligible students account for over 95% of international students, with variations across institutions and time.

Eligible & Ineligible - refers to the eligibility of a student for operating grants. A student is considered eligible if he or she is either a Canadian citizen, a permanent resident, an eligible international student or a protected person, and is enrolled at an eligible institution, in a publicly-supported program that is approved after meeting the specific eligibility criteria set by the MAESD.

2. The tables use SPEMAJ for program groupings. SPEMAJ (Specialization Major) is a categorization method used by MAESD that groups programs by field of study. According to SPEMAJ, programs are categorized into 10 broad groups and over 100 detailed groups. It is different from FORPOS (Formula Program of Study) code, which is mainly used by MAESD for funding purposes.

3. Headcounts - every student enrolled is counted as one headcount regardless of registration status or course load or level of study. Fall term full-time headcounts (counted on November 1st) are a commonly used measure for enrolments.

4. Full-time - students taking more than a certain percentage of full load course work (i.e. threshold). Different institutions have different cut-off percentages. It also varies in time for one institution. For example, the full-time threshold for University of Toronto was changed from 80% to 60% in 2003-04, resulting in an increase in full-time students (and a decrease in part-time students). Starting in 2015-16, McMaster adopted 60% of a full time load as a full time student (previously it was 80%).
5. Undergraduates & Graduates - undergraduates are enrolled in undergraduate level programs such as undergraduate diplomas and certificates, and bachelor's degrees; graduates are enrolled in graduate programs such as graduate diplomas and certificates, master's and doctoral.
6. The total numbers include Algoma University and Dominican University College. Algoma became a university in 2009-10. Starting in 2013-14 Dominican's enrolment is included with Carleton University.
